THE SWEDISH MUSIC ACT 'A TRAVELER' RELEASES HIS FIRST ALBUM

(Phonofile/A-Stream)

'A Traveler' is a Swedish alternative music act with intimate and beautiful pop songs, and genuine and touching vocals. The long awaited self-titled album was released on January 1st 2014.

'A Traveler' is the pseudonym of acclaimed Swedish film composer Henrik Åström (born 1980 in Gothenburg). Following the memories of his father, Åström traveled to Greece and wrote the songs that later would become the album. He describes the songs as worlds of their own where anyone who decides to listen can escape and hopefully find a little shelter. All songs are written and performed by Åström and feature his brother Rickard Åström on piano, well-known singer/songwriter Jörgen Kjellgren on guitar, as well as many other established Swedish musicians.

'A Traveler' is currently planning a North American tour in 2014, starting from Los Angeles, California, and his music has been featured frequently on Swedish radio during the last year.
